Re: Interim Report, CC Docket No. 94-102

Dear Ms. Dortch:

By letter dated July 28, 2003, Alaska Wireless Communications, LLC ("Alaska Wireless") filed comments addressing the categories of information required of all Tier III carriers for the Interim Report due August 1, 2003.

In its July 28, 2003 letter, Alaska Wireless explained that it was pursuing a network-based solution and that its PSAP was unlikely ever to upgrade to support E911 Phase II. Alaska Wireless also informed the Commission that it would meet the December 31, 2005 deadline for the deployment of E911 Phase II services.

The December 31, 2005 implementation deadline is relative to handset-based solutions and does not apply to network-based solutions. Consequently, the December 31, 2005 implementation deadline date does not apply to Alaska Wireless. Alaska Wireless misspoke when it indicated in its July 28, 2003 letter that it would meet that deadline. Kindly accept this clarification.

Sincerely,

Paul Ostrander  
V.P. of Operations
